

Steven Bryant
County Engineer

Aiken County Road Paving Petition Instructions

1. Complete the attached petition with each **landowner's** signature and **tax parcel number** stating that the property owner(s) are willing to provide the necessary easements to pave the roadway. Please be sure to fill in requested information completely and clearly on the signature page of the petition, including *name, address and phone number* for the property owners. Because easements can only be granted to Aiken County by legal property owners, renters' signatures do not apply.
2. For Sales Tax Commission Paving Consideration, deliver, email or mail the completed petition to the following:

Aiken County Government Center
Steven Bryant, County Engineer
Engineering Department
1930 University Parkway, Suite 3300
Aiken, SC 29801

Engineering@aikencountysc.gov (preferred method)
803-642-1535

3. For additional consideration, you may also want to provide a copy to the Aiken County Transportation Committee (CTC) Office to request that the road be added to the next CTC Road Paving List. Note: The CTC has a budget that only funds about two miles of road paving per year, so not all roads petitioned will be selected by the Committee.

Aiken County Transportation Committee (CTC)
Jeannie Willis, Program Manager
1930 University Parkway
Suite 3600-A
Aiken, SC 29801
803-642-1694

Please include a copy of the completed petition along with your request when submitting to both the Aiken County Engineering Department and the Aiken County Transportation Committee's Office. ***You will need to submit the petition to BOTH Engineering and the CTC to be considered for both Sales Tax and C Fund paving lists.*** Please keep a copy of the completed petition for your records.
