

## **NOTICE OF REASSESSMENT**

Aiken County is in the process of our County wide Reassessment required by SC law 12-43-217 which is implemented every five years. We are expected to complete the field process by December 31, 2025 and implement in tax year 2026.

Appraisers will be making field reviews of all the parcels in Aiken County and will be wearing County photo ID badges, County logo shirts and will be driving a white County marked vehicle. The appraisers will need to identify all structures on parcels and if necessary, will walk around the structures on parcel, check measurements and update pictures.

We appreciate your cooperation and want to make this process as safe and smooth as possible. If you have any questions, please contact our office at 803-642-1583.
